MITSUBISHI ELECTRIC GROUP COMPANIES IN ITALY TO SUPPORT EARTHQUAKE RELIEF EFFORTS IN CENTRAL ITALY

Mitsubishi Electric Group companies to support recovery efforts following the earthquake that shook central Italy on 24th August 2016

Agrate Brianza (MB), September 7th, 2016 - The three companies of the Mitsubishi Electric Group based in Italy, Mitsubishi Electric Europe B.V. (Italian branch), MELCO Hydronics & IT Cooling (Climaveneta/RC) and Mitsubishi Electric Klimat Transportation Systems, have come together to support relief efforts in the area of central Italy affected by the recent earthquake.

In doing so the companies will make a combined donation to the Italian Red Cross, an association which operates on the front line of disaster relief, and which is providing great support to those who have been affected by the natural disaster. The combined donation in total is €100,000 Euros.

Corporate Social Responsibility is fundamental to the mission of the Mitsubishi Electric Group, including supporting local communities in which it operates such as the situation that is being faced by the areas affected by the earthquake.

Mitsubishi Electric Group expresses its deepest sympathies to those affected by the disaster and sincerely hopes for a quick recovery.

Mitsubishi Electric Europe B.V. Italian Branch

The Italian branch of Mitsubishi Electric Europe was established in 1985 and it operates with five business units: Air Conditioning – air conditioning for residential, commercial and industrial environments, heating systems, dehumidifiers and air treatment; Industrial Automation and Mechatronics – products and systems for the industrial automation; Semiconductors – electronic devices; Automotive – systems and components for the control of the devices of cars, commercial vehicles and motorcycles; Transportation – systems and products for the railway transportation sector. Mitsubishi Electric Europe Italian branch has its headquarters in Agrate Brianza (MB) and sales offices in Padua, Rome and Turin.
