Notice to recyclers regarding clamps' PVC coating

When recycling the following Mitsubishi Electric models of our cooling and heating products manufactured in Japan or United Kingdom between July 2019 and November 2020 please first remove the clamps' PVC coating which are contaminated with DEHP and dispose of this in an environmentally safe way.

For the concerned models please see list below.

●What is a clamp:

See image. This is used to hold cables together in outdoor and indoor units.

| Steel	Coating (PVC)

Fig-1　Clamp

Fig-2　PVC resin tested and DEHP detected
