

Notice to recyclers regarding pipe cover

When recycling the following Mitsubishi Electric models of our Air conditioners manufactured in Japan between April 2019 and February 2022, please first remove the pipe covers which are contaminated with DEHP and dispose of this in an environmentally safe way.

For the concerned models please see list below.

What is a pipe cover:

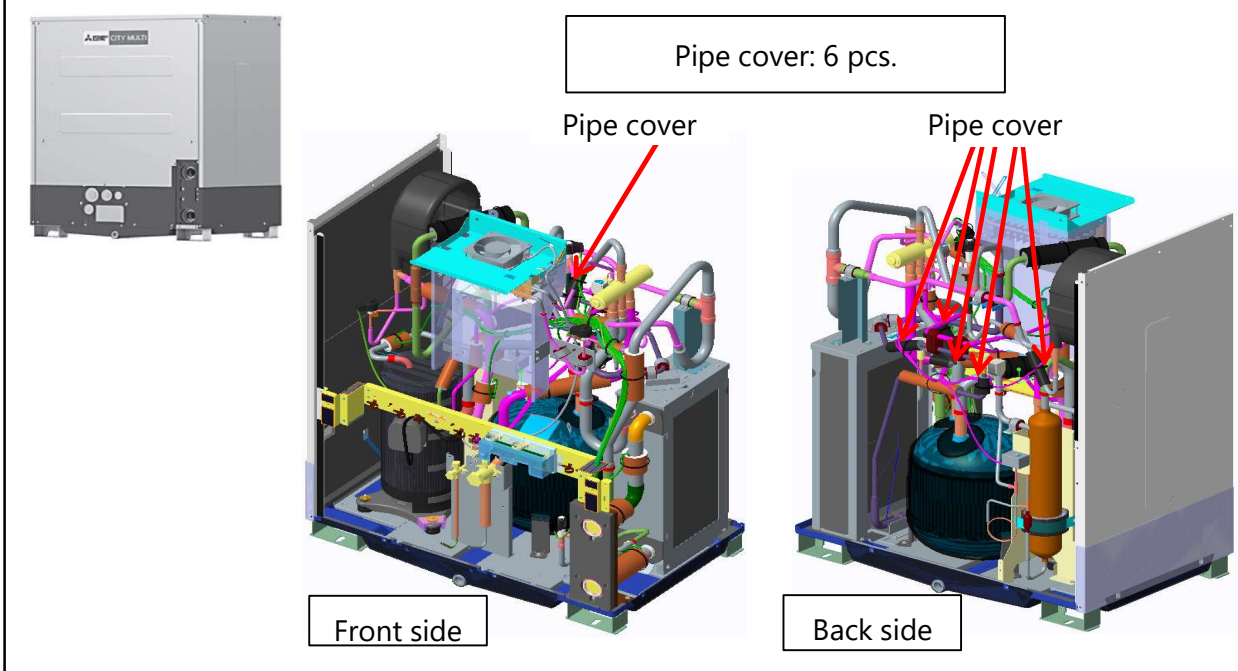

Concerned models:

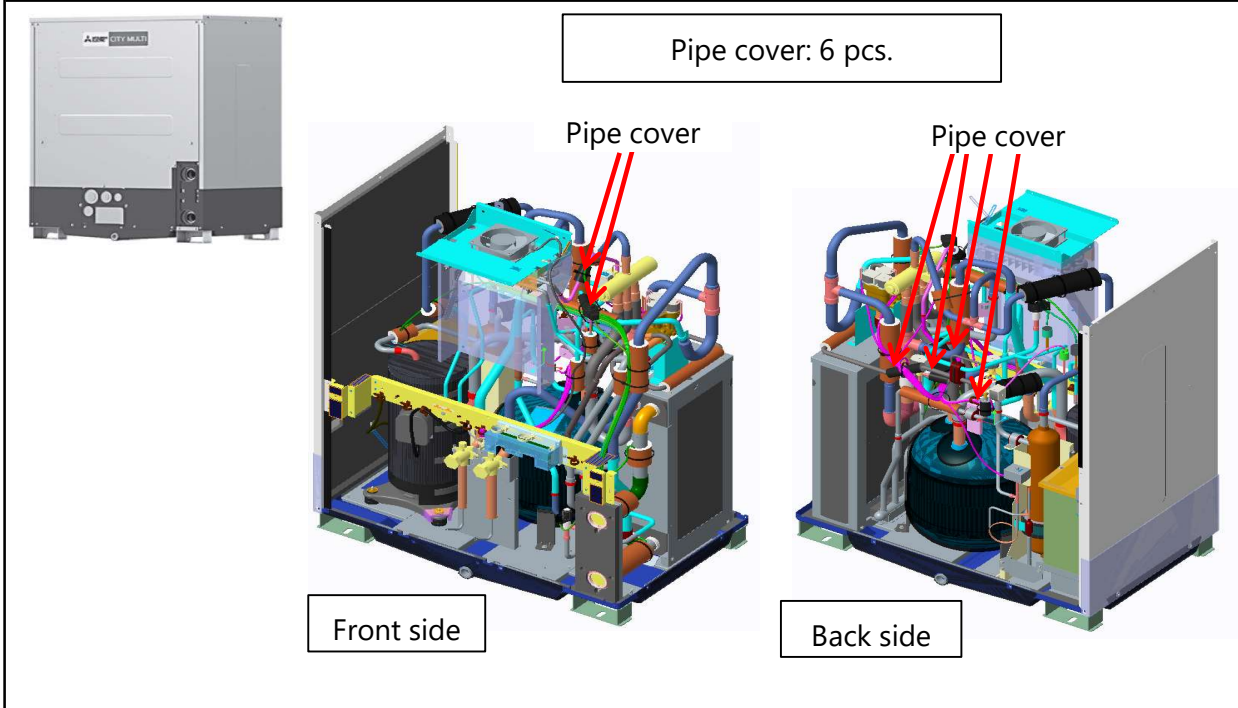

Category	Model name
Air conditioners	PQHY-P200/250/300YLM-A1 PQRY-P200/250/300YLM-A1

Where pipe covers located:

Air conditioners (PQHY-P200/250/300YLM-A1)

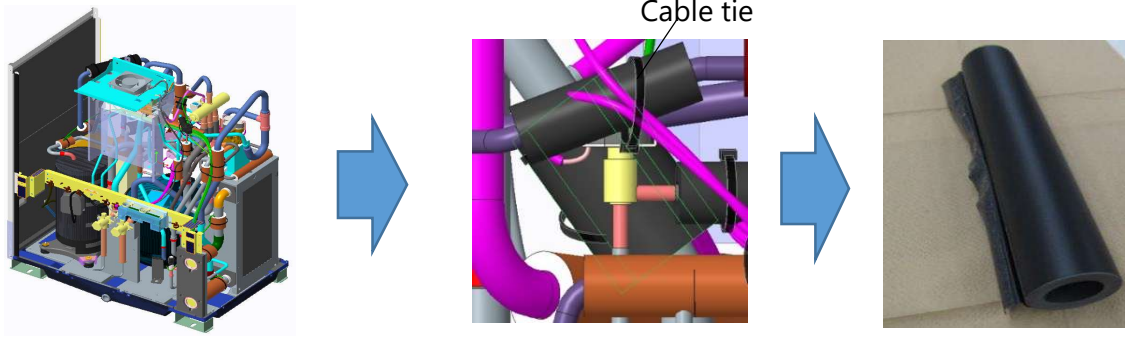

Air conditioners (PQRY-P200,250,300YLM-A1)

How to recycle pipe covers

- A) Open the unit.
- B) Cut the cable tie (if any).
- C) Remove the pipe cover.
- D) Incinerate the pipe cover.
